## DIRECTOR'S NOTE

---

Welcome to *The Murder at Haversham Manor*, performed by the plucky and endearing Cornley Drama Society. Just kidding.

You are about to embark on a comedic - one could call tragically funny - play-within-a-play. *The Play That Goes Wrong* premiered in London in 2012 and opened on Broadway in 2017. In the past few years, the playwrights created the high school edition, which we are proud to present to you today.

Last year the Garner Drama Department traveled to New York City and one of the plays I wanted the students to see was the off-Broadway production of *The Play That Goes Wrong*. The students laughed full belly laughs for two hours straight. While I pride myself in the fact that our Drama kids are generally happy and joyful, hearing teenagers buzzing with excitement and laughter after a performance - well - there's nothing like it. The students all asked (practically begged) for us to do this production, but I waved off their requests telling them it would be much too difficult. When I came across the high school edition last spring, I knew I had no other choice.

This play has brought us immense challenges and many moments of fall-down laughter. We hope to immerse you in the world of this play-within-a-play and take you along for the ride.

It is with great love that I thank this senior class. I have been looking forward to this year with you and also trying to freeze time before we got to this year. When you were sophomores, my Director's Note said, "your kindness and your drive leave me awe-struck. I love coming to work every day to see your smiling faces." It's still true. Thank you for the years of love and support you have given to this department and to me. To my juniors, I feel like I turned around last spring and you all had grown up. You all keep showing up in your dedication and drive, and I am so proud of the work you all are doing. Sophomores, your sweetness will continue to be our glue in the department. To our freshmen, the journey is only beginning and I can't wait to see how you grow. Congratulations to all of you for more than doubling our donation income for this production. This department exists because of the people who came before you, it continues to exist because of you, and it will exist for the people who come after you because of you.

Thank you to our amazing Booster Board who have supported our department and given countless hours toward our progress and development as a non-profit. It has been a blessing in my life to have these parents support this program, support all of the students, and support me as a mother, too. I am so fortunate to have you all.

Garner High is a home like no other. When I feel the support of my coworkers or encounter the happy smiles of our students, I am reminded that this community is a great place to work and to learn. Thank you to my coworkers for supporting this program and thank you to our students for making every day of work feel like a joy.

Mrs. Hazelrigg
