# *Director's Notes*

## **MORGAN GROSSHEIM, LILY EADS**

### *Victorious*

As co-directors, we're thrilled to present our take on "Victorious," a childhood classic that's close to our hearts! We extend a huge thank you to our incredible cast for bringing the beloved characters of Hollywood Arts to life. Your hard work and dedication, especially given the short rehearsal time, have truly made this production a reality. It's been an absolute blast being your directors! Now, sit back, relax, enjoy the show and prepare to sweat with laughter as we turn up the heat!

## **SHAWN ADDISON, SOPHIA WALKER**

### *Golden Girls*

Thank you for being a friend, and thank you all for coming to see my production of Golden Girls. I would like to give a special shoutout to everyone in my amazing cast, who have all worked tirelessly to bring this show to its completion. A very special shoutout goes to my outstanding assistant director, Sophia Walker, for all the hard work and effort she's put into this production. Without her, this show wouldn't have been possible. Finally, thank you to all the amazing crew members who worked to keep everything running smoothly. Thank you, and enjoy the show!

# HARPER GENADIO, ARES SKUCE

## *Over The Garden Wall*

Since our freshman year, Ares and I knew that we wanted to direct a one act together. And now after four years, it's been so incredibly exciting to finally see all of our ideas put together and on a stage. Over the Garden Wall is a show that both of us love dearly, so I'm really grateful that we can share our one act with the school and show our appreciation for such a charming and beloved series. Ain't that just the way!

# AUSTIN KELLER, LILY KAHN

## *Mean Girls*

Mean Girls has been a dream to bring to the Garner stage! I want to start by thanking my fantastic assistant director, Lily Kahn. Her drive and precision for everything she does combined with her passion for theatre made her the best assistant director I could ever ask for. This show wouldn't have been possible without her! This show also wouldn't have possible without my incredible and talented cast! Every rehearsal they astounded me with what they accomplished in the short rehearsal window we had. Since freshman year, countless people have told me how much they wanted to see an adaptation of Mean Girls at Garner, which makes this project extra special to me. Me and Lily can't wait to share this project with you all, and I hope you love watching it as much as I loved creating it!

# A'LEEYAH WILLIAMS, SHANIA LEONARD

## *Teen Titans Go!*

Firstly, getting to direct Teen Titans Go has been the most fun experience of my life. I had the honor of working with some of the most dedicated and talented people I know throughout the production. To my cast: thank you for working with me through my chaotic schedule. I never once doubted your will and drive when I was away. I would also like to give a special thanks to Shania Leonard, my absolute miracle of an assistant director, who took charge and handled matters on her own when I wasn't around, executing her role as a leader perfectly. I hope this production makes you laugh just as hard as we did while rehearsing it. Enjoy!
